TSXV, Tier 1: "NTS"

OTCQX: "NTSFF"

## ***Nanotech Grants Options and Restricted Share Units***

**VANCOUVER, British Columbia – February 4, 2015** – Nanotech Security Corp. (TSXV: NTS) (OTCQX: NTSFF), announces the granting of an aggregate of 480,000 share purchase options, 380,000 of which are to insiders and 100,000 to Sophic Capital Inc. in connection with an investor relations contract. The options are for five years at \$1.15 and brings the total options granted to 4.0% of outstanding shares.

The Company has adopted, subject to TSX Venture and Shareholder approval, a Restricted Share Unit ("RSU") plan for a fixed number of 1.5 million shares which can be issued for services subject to three year annual vesting requirements. As a result, the Company has reduced its option plan from a rolling 10% (of issued shares) Plan to a 7.0% plan. The Company has conditionally granted, subject to the above approvals, an aggregate of 428,455 RSUs at \$1.15, of which 338,000 are being granted to insiders, and the remainder to employees of the Company.

### **About Nanotech Security**

Through its security and surveillance divisions, Nanotech Security Corp. has been a leading innovator in the design and production of advanced security products and surveillance solutions for a number of years. Nanotech's *KolourOptik™* and *Plasmogram™* products are nanotechnology based product platforms originally inspired by the unique optical properties of the iridescent wings of the Blue Morpho butterfly. Our security products produce intense, high definition optically-variable images and colour-shift optical thin films. Activated by a simple tilt or rotation, with higher resolutions than the best LED-displays, they are ideal for authentication of currency, passports, and identification cards in addition to distinguishing branded goods from counterfeits. Our surveillance division designs and manufactures sophisticated surveillance and intelligence gathering communications and forensic equipment for the law enforcement and intelligence community as well as runs a state of the art training academy where we provide technical surveillance training to the law enforcement community.
